

Maritime International Conventions

Delivery Method: eLearning || Duration: 5 hours || Course Fee: 380 €

Category: Shipping

Available languages: English

Certificate

On completion of the training program, the student will be awarded:

- A Certificate of **Maritime International Conventions**, issued by Bureau Veritas Solutions Marine & Offshore.

The Certificate of **Maritime International Conventions** is obtained after completing the course and passing the online test.

Presentation

This training course provides an overview of the international maritime regulatory scenario, with the presentation of the most important maritime conventions dealing with safety, pollution prevention, training and certification of seafarers and labour conditions.

Who the course is for

The course **Maritime International Conventions** is aimed at anyone interested in getting familiar with the most important international conventions which govern the transport of passengers and goods by sea. This may include Ship Managers, Technical Superintendents, Ship Masters, Officers and Seafarers; Shipyards Technical Staff; Surveyors; P&I and/or Insurance Inspectors; Naval Architects; Etc.

Objectives

On completion of the training, students will be able to:

- Have an overview of the regulatory scenario in the maritime world.
- Get familiar with the most important conventions and codes adopted by the International Maritime Organisation and the International Labour Organisation.
- Understand the main requirements in terms of safety, pollution prevention, training and certification of seafarers and labour conditions.
